The Burgess veto on Light Resolution a copy which follows was sustained on motion of Messrs. Towns and Lang. Vig

November 30th 1907.

TO THE PRESIDENT AND MEMBERS OF COUNCILS OF THE BOROUGH OF
WEST LIBERTY PA.

Gentlemen:-

I herewith return Resolution directing notice to be given to the Southern Heat Light & Power Company to furnish additional lights for the streets and alleys of the Borough of West Liberty; passed November 4th 1907, without my approval for the following reasons. The Resolution recites that the ordinance for lights was approved September 26th 1906, and that the contract for light was entered into in pursuance of said ordinance on Sept. 2nd 1906. As the Ordinance was not approved until September 26th 1906 a contract could not be made on that date, and if such could be done it would not be legal, as the 2nd day of September 1906 was a Sunday, and a contract made on that day would not be legal. The contract for lights in pursuance to said Ordinance was signed and executed on the 2nd day of October 1906 and not on the 2nd day of September 1906 as cited in the Resolution.
